It is a hoble affair that Mormonism commenced in a free country: it gives a feir chance to try the virtue, honor, and patriotism of rulers and men, as well as the purity and charity of all Christendon

From all we can glean from the po ers, there will go out more emigrant Oregon this year, than any previous one. The head quarters is at Indepen dence Jackson co. Mo. where they first egan to mob the Saints. Who knows what the meaning of that Scripture is, which says, Ephraim shall roar from the

jed with all kind of calamities. First they had a flood, then a tornado, and not re regret to learn from the Weston Ex-ositor, that Indipendence was visited with destructive fire on the night of the 19th house of Messrs. Barnhart & Matthews. which was destroyed with the Washing-ton hotel owned by S. Noland, and Doct. Hockensmith's shop, medicines &c. All the buildings consected with these differ-ent catablishments were cansumed, with Messrs. Barnhart & Mathews' stock of goods valued at \$6,000, on which there ens an insurance sufficient to cover the loss. The loss of the others has not ye been estimated. It was with great diffi culty that the tavern house of F. F. Hansford was saved. It is thought to be the work of an incendiary.

This is "anti Mormonism" the pa tural way, and righteously upon the very chaps. The Lord has said: "vengeance is mine," and I will repry, and his store house of "calameties", will be abundant for this generation.

We have suppressed a great number of communications, which have flowed in upon us, of a character similar to the production of "a Gentile;" for the simple reason, that we considered the Editors referred to too contemptible to notice.

It is a notorious fact, that Thomas C. Sharp, the editor of the Warsau Signal, is indicted for MURDER and is merely kept out of jail by mob force. The editors of the Quincy Whig and the Alton Telegraph, are both of them apprised of this fact, and they know that most of the statements which they publish from the Signal. are palpable falsehoods. And they are publishing the statements of a man. who stands charged with the blood of his fellow men; and who will try to wash his garments, by sullying the fame of the innocent; if it is a disgrace to be calumniated by a personage. who stands charged with murder and who is the open avowed advocate of murderers.

And if the editors of the Quincy Whig and Alton Telegraph are willing Whig and Alton Telegraph are willing circumferences, the other 22 feet 8 inche to stain their hands, by assisting to es in length, and 3 inches in circumferences. wash the gore off his garments, they are welcome to the glory. Talk of reasoning with Tom Sharp, about righteousness or patriotism! You may as well try to convert the devil: clear the conscience of a murderer; or make the damned happy:

WARSAW AND QUINCY.

The Editors of the "Signal" and "Whig," appear to sympathise very much with each other upon "Mormor outrage and misrule." When one speaks, the other echoes the sound. They seem to be greatly troubled at the potency of somebody, they know not who.

Now, gentlemen editors, I will tell you plainly that I am no Mormon, neither do I belong to any other sect but am what some are pleased to call a Gentile; but as you are named gen tiles, I must confess, that I am not

proud of my name. I would however inform Messrs. Sharp and Bartlet, editors of the above papers, that some of your brethren have come into this place as traders or merchants, and among other com-modities, they have opened their whiskey barrels, and are dealing out damnation by the glass, the pint, the quart the gallon and the jugful; very much to the annoyance and grief of this community. They have been remoncommunity. They have been remonand the evil consequences have been explained and enforced upon them by arguments sufficient, both in public and in private, to restrain any man except such as are determined to in pose upon a religious community and tantalize them in the day of their affliction and sorrow. I regard them s poor miserable degraded beings If they must traffic in spirituous liquors why will they not go where the people want such shops? I can assure them, they they Their persons and their traffic are

persons and their traffic are

people. And were I one of their leaders, I would say, never patronize any man that will sell liquor, in any case, except in sickness; and I am confident that no well-wisher to mankind, whether Mormon or any thing se, will ever patronize any such ources of evil and wretchedness Oh Messrs. Sharp and Bartlett! Are you not angry, because there is an in-fluence used here to dry up such sloughs of intemperance? Poor miserable men! You would be doing

yourselves greater honor and community at large a greaten service if you would leave the Mormons to manage their own affairs, and attend to bring ing to justice, those 'cursed murderers of the Smiths, whom you fellowship among you. But there is an apology to be offered for you; you possibly may think, this would be treading upon your own toes, or winding hemp perhaps around your own necks; and you may think it policy to keep up a "hue and cry" against the Mormons to divert public indignation from those bloody and murderous deeds, which

Should any conspicuous Mormon nowever, have occasion to go to ** sufficient for the Signal and Whig to cry, Mormon outrage! burglary! trea-son! extermination!! White folks cant' live with the Mormons! The murderers no doubt are sorry they have white skins. If they had not been, they would not have painted themselves when they went to kill Joseph and Hyrum Smith. But I suppose they wished to m: ke their faces correspond with their hearts. Well a small garret in the house into which this was quite proper; but God will they had been driven, retaining possespaint them by and by with a color sion of the pistols with which they were hat soap will not wash off.

you fain would justify and extol.

The Alton Telegraph appears know a great deal. I wonder if it would not be a good plan to get can-non here, to head them up in hogsheads of sugar. That is a plan that I presume to say was never thought of ere until it was seen in the holy breathings of the above paper. Now the Warsawites had better be on the alert, and depute "Tom" to go on board of every steamer that ascends the river, with a long shanked auger and bore into every sugar hogshead but should it not happen to be-long enough to reach the centre, instruct him to pull it out, and stick his nose in which would amply make up the deficiency; and should he come in contact with a dead rat, or a young dead nigger, let him run before a magistrate and swear it was the fuse of a can-Then cry through the Signal: TREASON!! MOR-TREASON! MON OUTRAGE!! BLOOD AND THUNDER!! EXTERMINA. TION!! OH DEAR!! What a fool a wicked fool is !!

A GENTILE. For the Neighbor.

GREAT GROWTH. I had two small apple trees grafted last year, near the surface of the earth, and on examination a few days ago, my curiosity led me to measure them in their several branches. The first measured 17 feet in length, and 2 1-2 inches in ence at the trunk. They were set by Phineas Young

ANOTHER ANTI-RENT WAR. A slip from the Albana Arguy contains the following letter from Major General J. S. Smih. Kingston, March 7, 1945.

There has been an outbreak among the tenants of Robert L. Livingston's estate in this county, which, from appearances, and the reports in circulation, s like to lend to serious dificulties. friday of last wek, they employed a Mr. Lasher to remove a quantity of timber that had been felled by some trespassers on the patent. While engaged in that duty, he was sucderly surrounded and taken by a gang of 15 or 16 armed men, disguised as Indians, who required him to desist and be off at once. On his refusal he was seized by the Indians, and a se vere scuffle ensued, Mr. Lasher resisting to the extent of his power, and using a handspike to good advantage, until it was finally wrested from him. He was, however, overpowered, and as usual, reeived a coat of tar and feathers. - They then made the effort to throw him from rock about ten feet in height, in which they soon succeeded, but not without precipitating two of their mer, to whom asher continued to make good his hold during the affray. Their masks were displaced in the fail, by which he was enabled to recognise the two. He finally escaped, badly bruised and hurt. rants were immediately got, and the two recognised were arrested, but by some inaccountable negligence of the officers, they made their escape.

The proprietors of the land are defermined not only to arrest the offenders, but to collect every cent of rent now due by legal proceeding. Several writs are now out for trespass. The under sheriff of this county left here this morning in ompany with a constible for the infec-

both alike, a stink in the nostrils of this mon a strong posse and proceed at once There is every probability now of his requiring military aid. Reports are in exculation of there being Indians from Delaware county co-operating with the tenants of Woodstock. Please let me know the necessary requirements, if we should need arms from the State arsenal to aid the sheriff to execute his duty.

> ANTI-RENT WAR IN DELAWARE. The following letter, from a prominent citizen in Delawa e county, gives some interesting particulars of a fresh 'Indian out break in that county:-

Delhi March II, 1845. Delni March II, 1845.

Dear Sir—I write hastily amongst a crowd to inform you of the state of affairs here. The following copy of a letter just received from O. N. Steele, a deputy sheriff, now held in duress at Andes, a village about ten miles from this S. Hathaway, Mr. Richard Bush, to Miss place, will explain itself .-

An'es, March II. To the Sheriff:—Sir—We left Andes yesterday about five o'clock for Delhi but ere stopped on the rond and compelled to return to this place. We are now at Hunting's. The house is now surrounded by men in disguise, about 100 strong. They intend, as near as I can ascertain to take my papers, tar and feather me, and pass me over to the Middleburgh tribe. I shall never be able to reach home, unless you come over with all the force you can raise. Let every man come armed and determined to do his duty or die on the spot. Lose no time, but get here as soon as possible.

Yours, O. N. STEELE.

The messenger whom Steele fortunate ly obtained to bring his letter with all possible speed, informs me that he left Steele with Charles Parker, another officer whom the Anti-Rents have taken, in a small garret in the house into which sion of the pistols with which they were This outrage is in consequence armed. of Steele's having lately arrested Squires on a breach of warrant. The sheriff immediately, on the receipt of the letter, commenced summoning a posse to go in pursuit of the rioters. Every man in the village who can procure arms, will leave within half an hour. I have no time to describe the outrages that are drily committed. The county is in a state of actual rebellion. Yours,&c.

The Choctaw Indians .- The Vicksurg Sentinel of the 18th ult. referring to this tribe of Indians, has the followpowerful tribe are now crossing our fer-ry on their way to their new home in the Far West. To one who like the has been familiar to their bronze inexpressive faces from infancy, it brings associations of peculiar sadness to see them bidding here a last farewell perhaps to the old hills which gave birth, and are doubtless equally dear, to him and them alike. The first playmates of our infancy were the young Choctaw boys of the then woods of Warren county. Their language was once scarcely less familiar to us than our mother English. We know, we think, the character of the Choctaw well. We know many of their present stalwart braves in those days of early life when Indian and white alike forget disguise, but in the unchecked exuberence of youthful feelingshow the real character that policy and habit may afterwards so much conceal; and we know that, under the stolid stoic look he as-sumes, there is burning in the Indian's nature a heart of fire and feeling, and an all-observing keenness of apprehension, that marks and remembers every thing that occurs and every insult he receives.
Cannui at a hah! They are going away!
Drollinger Hannah
With a visible reluctance which nothing has overcome but the stern necessity they Dunham Albert feel impelling them, they have looked their last on the graves of their sires -the scenes of their youth- and have taken up their slow, totlsome march, with their household goods among them to their new home in a strange land. They leave names to many of our rivers, towns and counties; and so long as our State remost of her soil, will be remembered."

Newton, on Main street, Norfolk, Va. was partially destroyed by fire on the 4th inst. Mr. Newton's loss was about \$1,000-insured Hales Charles for \$8,000 in the Manhattan Co., Hailes James New York. The losses of other occupants of the buildings were triffing.

Fire in Charleston.—About half past three o'clock this morning a fire was discovered in a pile of cotton on Edmonston's wharf, consisting of between 3 and 400 Hart Aaron 2 bales, 290 of which were consigned to Hartley George Kirkpatrick & Douglass, 42 to J. S. Chambers, and 4 or 5 to W. C. Dukes & Co. About 260 bales were destroyed by fire or otherwise injured. That consigned to Kirkpatrick & Douglass was insured in the Charleston Insurance and Trust Company, and that consigned to Mr. Cham-bers in one of the Georgia Offices. There can be no doubt of this being the work of an incendiary.—Charleston Patriot, Jaffords Oren March 3.
